Filing Date: **Feb. 17, 2004**

**REMARKS**

Claims 1, 4-15, 18-28 and 31-40 remain in this application. Claim 1 has been amended. Claims 2, 3, 16, 17, 29 and 30 are previously cancelled.

Applicant thanks the Examiner for the detailed study of the application and prior art. Applicant has amended Claim 1 to overcome the informality to change "delvers" to "delivers."

Also, Applicant submits a detailed Declaration Under C.F.R. §1.131 showing that the inventor had conceived and reduced to practice the subject matter of this patent application while working in the Research and Development Laboratories in the United States at TeamOn Systems, Inc. in Issaquah, Washington prior to June 13, 2003, the effective date of U.S. patent publication no. 2005/0027742 to Eichstaedt et al. (hereinafter "Eichstaedt"). The Declaration includes four different exhibits that show the development and testing of the software as explained in the 131 Declaration. Because Eichstaedt is removed as a reference with this Declaration, the claims are patentable over Chesnais as the primary reference and as explained in the previous Amendment.
